

Part Six Receiving Visitors

Atom Team Visit

From the beginning of the work here, we have had annual visits from ATOM Teams [A Taste of Mission] arranged from Otford Manor in the UK. They visit the Bible School and other places, and from these visits a real interest has grown in the work here. Here are some of our visitors learning to eat Karen style.

Conference Time

Chrestos now has a spacious campus and dedicated staff, and has become a venue for a number of Karen conferences. During the year, we have conferences for children, youth, women, men, and sometimes for pastors and Sunday School teachers. We also have a 'Bible Day' for the Karen young people from the many hostels in Mae Sariang, where there is Bible teaching, Scripture Memory, competitions, games, and sports. These conferences also provide training and experience for our Bible School. Every year our Chrestos students join with the students studying at the Siloam Bible School [TKBC]. They have a time of fellowship and learning together.

Youth Conference

Women's Conference
